

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (previously amended): A frozen food product, comprising; at least one unleavened baked wafer, wherein the baked wafer is molded into a desired shape prior to baking having opposed major surfaces, a thickness, and a moisture content no greater than about 5%, fabricated from a dough or batter composition, comprising: flour, water and a sweetener, wherein the sweetener consists of sucrose, and at least 40% of a member of the group consisting of a high molecular weight starch hydrolysate having a DE of 1 to 20 or a crystalline hydrate former, wherein the crystalline hydrate former is selected from the group consisting of maltose, trehalose, isomalt, and raffinose , and mixtures thereof; having a modulus of at least  $200 \text{ g/mm}^2$  at a moisture content of 9%; and a frozen dessert composition in contact with at least one major wafer surface.
2. (previously amended): The frozen food product of claim 1, wherein the baked wafer has a modulus of at least  $300 \text{ g/mm}^2$  at a moisture content of 9%.
3. (currently amended): The frozen food product of claim 1, wherein the sweetener of the baked wafer ~~comprises~~ consists of at least one of the high molecular weight starch hydrolysate and the crystalline hydrate former.

Claims 4-6 (canceled)

7. (previously amended): The frozen food product of claim 1, wherein the high molecular weight starch hydrolysate of the baked wafer is corn syrup solids having a DE of 1 to 20.

8. (canceled)

9. (previously amended): The frozen food product of claim 1, wherein the baked wafer has a modulus of at least  $350 \text{ g/mm}^2$  at a moisture content of 10%.

Claims 10 – 24 (canceled)

25. (previously amended): The frozen food product of claim 1, wherein the frozen dessert composition is selected from the group consisting of ice cream, ice milk, gelato, frozen yogurt, sorbet, frozen custard, and sherbet.

26. (previously amended): The frozen food product of claim 1, wherein the baked wafer is in the form of a cone.

27. (canceled)

28. (previously amended): The frozen food product of claim 1, wherein the baked wafer is in the form of a flat wafer.

29. (currently amended): The ~~flat wafer~~ frozen food product of claim 28, wherein the baked wafer is in the form of a cookie.

30. (previously amended): The frozen food product of claim 1, wherein the baked wafer is in the form of a molded cup.

31. (previously amended): The frozen food product of claim 1, wherein the baked wafer is in the form of a cylinder forming a shell.

Appl. No. 09/694,927

Amdt. Dated 1 June, 2004

Reply to Office Action of January 14, 2004

32. (previously amended): The frozen food product of claim 25, wherein the baked

~~good~~ wafer is mixed throughout the frozen dessert composition.

33. (previously): The frozen food product of claim 1, wherein the baked wafer

additionally comprises lecithin, salt, and shortening.
